

What if the “big one” hit today? Would you know what to do, or how you can help your family and neighbors?

Canby’s Community Emergency Response Team (CERT) can answer that for you. CERT is a volunteer organization comprised of men and women from our area, trained to do the greatest good for the greatest number of people. Currently our team consists of approximately 75 citizens who either live or work in and around Canby. These folks have completed an eight week training course, which included learning about disaster first aid, light search and rescue, team building, radio communications, and basic fire suppression.

As seen in the news recently, a natural disaster can strike at any time. We invite you to join us this fall for our next CERT training class starting on September 11th. Please contact Canby CERT Coordinator Ron Yarbrough at 503-263-7411 or designswest@canby.com to sign up, or if you need more information. Class size is limited!
